## HOW TO REACH THE AIRPORT

Study the map and become familiar with the most convenient route to the Airport. Choose one AROUND, and not THROUGH the congested part of the city. ALL routes will be definitely marked to further guide you.

It is recommended that you purchase your tickets in advance so as not to hold up traffic. Have them handy before reaching Brook Park Road if coming from the north, and before reaching Five Points if coming from the south.

**AUG. 31 to SEPT. 3 CLEVELAND**

# NATIONAL AIR RACES

**A** GAIN—Cleveland furnishes the setting for the National Races—commemorating "A Quarter Century of Aviation Progress." This year's classic will feature swifter moving programs of stirring, inspiring and intriguing events—with more numerous innovations—than have ever before been staged.

### TEN DAYS INTO FOUR

A ten-day program concentrated into four days of intense activities, with action—speed—and thrills aplenty—every minute of this gigantic four-day spectacle—over the Labor Day week-end, August 31st to September 3rd, inclusive, at the Cleveland Municipal Airport.

### ACTION! THRILLS!

Movie stunt fliers—skywriters—parachute jumpers—and fearless acrobatic aces will perform challenging feats with the elements. These spectacular and sensational exhibitions will never be forgotten.

### INTERNATIONAL COMPETITION

Europe and America's foremost racing pilots and acrobatic aces will participate. You will see planes roaring through the air like bullets, faster, probably, than man has ever before travelled. You will see dare-devils of the sky in death-defying exhibitions.

### ARMY-NAVY-MARINES

In addition to the nation's foremost speed pilots and the fastest ships human ingenuity can build, picked squadrons of the Army, Navy and Marine Corps will give fearless and nerve-grIPPING performances of difficult though colorful combat maneuvers. Nothing is more commanding—more stirring—and more surpassingly beautiful than these fighters of the sky in review.

### SPECTACULAR NIGHT PROGRAM

An elaborate and spectacular night program, replete with aerial fireworks—mimic warfare—skywriting with fire—illuminated parachute leaps—bombing—and pyrotechnic displays will follow each day's program. Daily performances start at 2 P. M., followed by the night program at 7:30 P. M. One admission covers both day and night shows, providing you do not leave the grounds.

### REDUCED PRICES

Because of the tremendous interest in this project and the already large demand for choice seats, it is recommended that tickets be purchased in advance. An average saving of approximately 30% can be effected on all seats purchased before August 31st. All tickets are priced lower this year than ever before.

The condensed tentative daily program, outlined on the back page of this folder, comprises feature events only. Numerous other novelties, acrobatics, stunts, exhibitions and demonstrations are part of each day's program.
